Dear Judge Varlan,

COMPASSIONATE RELEASE

RE: TAMRAL GUZMAN, Inmate #43512-074, Case # 3:10-CR-161

I am very worried for Tamral and plead for her compassionate release. Tamral is my sister and I also happen to be a physician. I know Tamral is not receiving the medical care that she needs. Tamral is a cancer survivor and is not receiving proper follow up. Also, while in prison, she has developed a grade 3 (severe) prolapsed bladder. She often has to physically push her bladder back through her vagina. This will lead to further complications and will not get better without treatment. She has been exposed to COVID-19 inmates and those smoking K2 (wasp poisoning) and has suffered greatly because of it. Tamral has two brothers who are physicians (one is a Lt. Colonel) and many other loving family members that will be a support for Tamral and will make sure she gets the medical help she needs.

Tamral will be a productive citizen and has a huge family support that will help her get started. She completed training in Cosmetology and is a very hard worker. Tamral is a God fearing person with a huge loving heart. It is hard to believe the length of her sentence when you look at her case and see that she is a first time non violent offender.

Please provide a compassionate release for Tamral.

Respectfully yours,

Ryan Gardner, D.O., M.P.H.
